

2022-2023 ISQ Secondary Device Policy

Revised: April 2, 2022

iPad (Grades 6 -8)*:

- iPad 10.2-inch (9th Gen) (released September 2021 or later). 128 GB minimum storage
- iPad Pro 11-inch or 12.9-inch (released April 2021 or later). 128 GB minimum storage
- iPad Air 2022 (released March 2022 or later). 128 GB minimum storage
- Wireless keyboard

Laptops (Grades 9-12):

- MacBook Air (13-inch)
 - Must be 2020 model A2179 (released March 2020 or later)
 - Minimum 8GB RAM/256GB storage
 - Can be Core i5, Core i7 or M1
- MacBook Pro (13, 14, 16-inch)
 - Must be 2020 model (released November 2020 or later)
 - Minimum 8GB RAM/256GB storage
 - Can be i5, i7, M1 or M1 Pro

*Grade 8 students have the option of using an iPad OR a Macbook. Students will be expected to use a MacBook in grade 9, so it may be more feasible for newly enrolled grade 8 students to start with a MacBook. For those who keep the iPad, they will learn how to use a computer in Technology 8 class.

Secondary School IT Policies:

1. Students need to read and agree to the Secondary Student Handbook, Appendix 4. If a student has any questions, they may discuss with either the IT Department or the divisional principal.
2. If students forget their device or any accessory (e.g. a charger) at home, IT will NOT provide loaner Apple devices. If a student is having a device repaired, IT may be able to provide a loaner device, provided that one is available. Students are ultimately responsible for their devices, and ISQ bears no responsibility for lost, stolen, or damaged technology.
3. ISQ offers Office 365 through the Office 365 subscription. Students may install any other programs onto their devices, provided that they do not violate the Student Handbook. IT provides on-site service for any school related issue. Students are responsible for paying for any replacement parts on their computers.

For any further IT questions, please contact the IT department via helpdesk@isqchina.com, stop by the IT Office (Room 204) in person, or dial extension 72040.
